The appeal brief filed 8/30/07 contains essentially the same arguments as the appeal brief received 4/4/07. An examiner's answer was written for that appeal brief on 7/3/07. Because the arguments of both appeal briefs are the same, the response to the arguments are the same. Thus the examiner's answer is still valid. The reply brief filed concurrently with the appeal brief on 8/30/07 is noted.
